5. (Unclassified - PLC) RETIREMENT Called Bob Hull, State Department, and inquired as to what section of the Foreign Service Retirement Law allows reemployed Foreign Service annuitants to be eligible for Civil Service retirement benefits. Hull said there is no specific provision in their law which grants this benefit. However, the Civil Service Commission does grant reemployed Foreign Service annuitants additional retirement benefits under Civil Service retirement if the individual works more than five years under that program. Also, the Commission grants full credit for the period of Foreign Service employment for a total recomputation for Civil Service retirement. Hull added that Section 872 of their Act is the only pertinent section concerning reemployed annuitants. That section requires that a Foreign Service annuity be reduced correspondingly to the reemployed salary. If the salary exceeds the annuity, the annuity payments are suspended. I called Hull in connection with the inquiry from [redacted]

21. (Internal Use Only - LLM) BRIEFING Spoke to Senator Dick Clark (D., Iowa) briefly concerning the upcoming briefing of his Subcommittee on African Affairs, Senate Foreign Relations Committee, scheduled for 9 February. He appreciates the numerous commitments on Mr. Knoche's time and said his attendance was not necessary. Senator Clark said there was some juggling of the hearings and put Marianne Speigal, on the Senator's staff, on the phone to discuss this aspect. I discussed at some length with Ms. Spiegel the question of personal staffers attending the briefings and outlined our policy and informed her it was my understanding that the Senate Foreign Relations Committee would be considering rules relating to this matter. She argued that the criteria should be substance rather than bureaucratic, what you are doing as a staff person in the Senate, not whether you are on the Committee payroll or personal staff. I explained our interest was to protect intelligence sources and methods and the guidelines we follow. Her response was that on sensitive matters she believed the rule should be to excuse all staff (personal and Committee) except for the Staff Chief. I said this was a matter for the Committee to decide. I told her that I did not believe there would be a problem of her sitting in on next week's briefing.
